

# Highly accurate blister card pack-and-check automation

The **Omniceil VBM 200F** is the only automated pharmacy solution that efficiently and accurately fills and checks MDS blister cards. The VBM 200F ensures pharmacies have the competitive advantage to easily scale their MDS business to improve adherence and patient outcomes today.

## Benefits for your business and patients

- Improved accuracy and reduced checking time
- Ability to track and trace each medication packed
- Checks and verifies each drug packed
- Adherence cards support patients to live better for longer - improving health outcomes
- Small-footprint, ergonomic design that fits through a standard doorway
- Ease of access for cleaning and maintenance
- Extremely intuitive and easy-to-use interface

## Increase your pharmacy's revenue and decrease your expenses

- Free up staff time and reduce your operating costs
- Process up to 35-40 sealed and audited cards per hour
- Assemble more packs with less resource
- Supports hub and spoke model to improve efficiency and reduce costs
